

CHRISTMAS COLLECTIBLES 2017

BY APPOINTMENT TO
HER MAJESTY THE QUEEN OF DENMARK

GEORG JENSEN

ESTABLISHED 1904

Christmas is filled with beautiful traditions, which are passed on from generation to generation. To decorate the home and make a beautiful table setting for friends and family is one of the many joys during Christmas. This year, star designer Alfredo Häberli has designed the Christmas Collectibles series for Georg Jensen with the angel as the symbol of Christmas. The angel evokes sweet memories of a pleasant time filled with love and tradition, and decorating your home with the Christmas Collectibles you will add a touch of Scandinavian aesthetics and Nordic "hygge".

Georg Jensen's Christmas Collectibles are, as before, plated with the highest gold carat quality possible in any plating process - 23,5 carat or more, typically rounded off to 24. While we have changed nothing in our plating process compared to previous years, we decided to label this year's Christmas Collectibles as 18 carat to align with the labelling standards of our jewellery offering.

"The tradition of Christmas Collectibles was started in 1984. Back then the intention was to launch a series of 10 motives – one for each of the following nine years. But it was not long before the popularity of the series became so great, that a new tradition was born. Today it is a big part of Georg Jensen's history and DNA and you will find the Christmas Collectibles not only well represented in Scandinavia, but also around the world."

- Sanne Lund Traberg, Design Manager, Georg Jensen

"I thought about which object represents Christmas for me: A star, a glass bubble, the three kings, Santa Claus, and angels. I looked at the concept and function of the collectible, and I decided to focus on the angel. An angel has something neutral about it. It is often flying, it is a fairy-tale, and it communicates to both children and adults."

- Alfredo Häberli, Designer of Christmas Collectibles 2017

"When I was a child, a Christmas tradition was for my family to get together at our grandparents' hotel. We had a fantastic time, and coming from a Swiss-German family we always had a real fir tree, although sometimes it felt a little strange in Argentina in the middle of summer, without snow. We had many other traditions, such as singing, playing instruments, decorating the tree and giving presents, traditions we still have with our children and families today."

The Christmas Collectibles 2017 Collection is designed by designer Alfredo Häberli, who has previously designed the award-winning "Alfredo Collection" for Georg Jensen. All products are designed and produced in Denmark.

ALFREDO HÄBERLI BIO

Alfredo Häberli was born in Buenos Aires, Argentina, in 1964. He moved to Switzerland in 1977 and graduated 1991 with distinction in Industrial Design at the Höhere Schule für Gestaltung in Zurich. Today, he is an internationally established designer based in Zurich and is working for some of the leading companies of the international design industry such as Alias, BD Barcelona, Camper, Georg Jensen, Iittala, Kvadrat, Luceplan, Moroso, Schiffrini and Vitra. He manages to unite tradition with innovation, joy and energy in his designs, and these characteristics enable him to bring the Christmas Collectibles to a new modern level.

His work is strongly influenced by his early childhood in Argentina as well as his curiosity and studies in everyday life. The results are works with a strong expression and emotionality. Alfredo Häberli's work and design have been shown in numerous exhibitions throughout Europe and he has received many awards for his work during the past 16 years.

He was awarded by A&W magazine (Architektur & Wohnen) as the «Designer of the Year 2009» and honoured with a monograph exhibition on the occasion of the international furniture fair - IMM Cologne. His "Alfredo Collection" for Georg Jensen has so far been honoured with the following prestigious awards:

FORMLAND Design Award 2011
WALLPAPER Design Award 2012
BO BEDRE Design Award 2012

Since 1984, Georg Jensen has celebrated Christmas with its series of Christmas collectibles. Each year a new artist interprets the message of Christmas and creates beautiful Christmas decorations that will suit any Christmas tree and home.

Finn Clausen designed the snowflake mobile for Georg Jensen back in 1987. In honour of its 30th anniversary, we are proud to relaunch it as our 2017 Christmas collectible.
