Twist Family

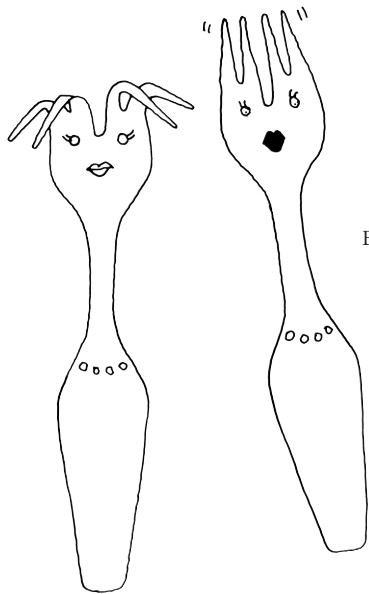

This is the Twist family:

Mr. Twist the Knife

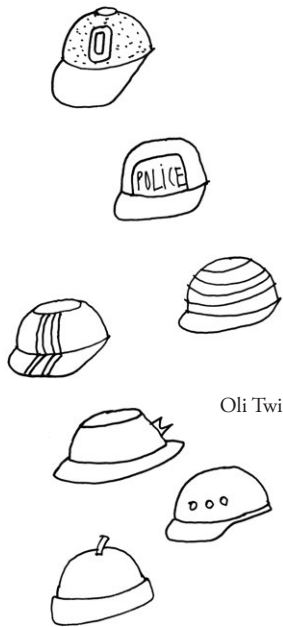

**Jack Twist is a very sharp man
with a big, big moustache.
His has such a deep voice that
everybody listens when he
says something.**

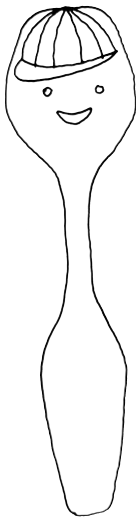

Emma Twist the Fork Lady

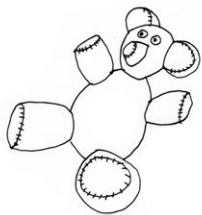

This is mummy Emma Twist. Nobody has ever seen her without her necklace. And she has had a good sense for elegant haircuts at all times. But one day she was so scared of a mouse that her hair turned upwards and stayed forever like this!

Oli Twist the Spoon Boy

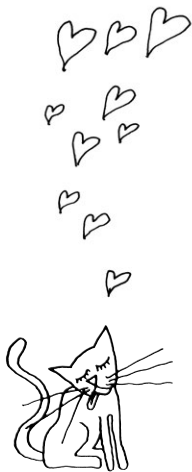

**This is the sunshine boy.
Oli Twist has always a smile
on his face and a cap on his
head (except at the dining
table of course).**

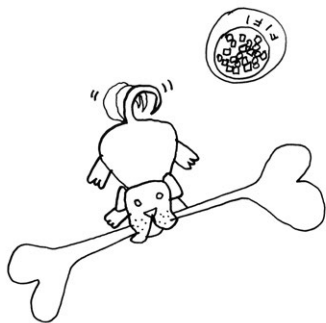

Lilly Twist the little
Spoon

**The smallest one is Lilly Twist.
She plays all the time with
babies and puppets.**

Sissy the pink Cat

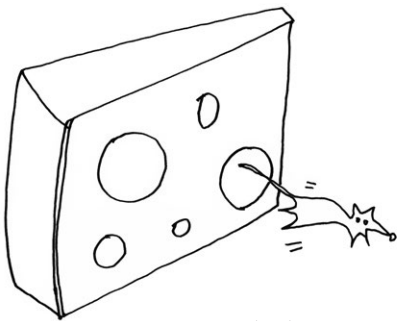

Fifi the always hungry Dog

But the family Twist also has some pets and one «visitor».

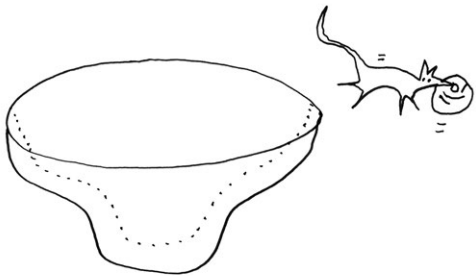

The small dog is some kind of hairy. He likes to play around with the children and they gave him the name Fifi Twist.

The cat is a real lady and very funny. Her name is Sissy Twist and she loves to cuddle and hang around the couch all day.

Trixi the cheesy Mouse

Trixi Twist is a really small little mouse. Her coat shines silvery and she is super fast when running through the kitchen to catch the crumbs of bread and cheese that fell from the table.

**The Twist family is
surrounded by a cup and a
plate. Or is it rather a bowl?**

**This is me and I designed the
Twist family for:**

.....
**My name is Alfredo Häberli
and I have a family too.
Stefanie is my wife and
together we have a son - Luc
and a daughter - Aline. We live
at the lake of Zurich in
Switzerland.
Recently a little cat joined our
family. Her name is Pitschi.**

THE END

How does the drawing look like if you colorize it?
